

My name is Yvonne Falckh, and I've been a member of the Property Club, in actual fact, since 2005, but I bought my first property at the beginning of 2010.

## **How long have you been a PMC member for?**

Been a PMC member for about 3 years, so over that time since 2010. I bought the first property with my husband. Unfortunately, he passed away towards the end of 2010, but since then, I've been able to buy another 3 investment properties. Now I have a total of 6 properties, and I've been with the PMC now for a good 3 years.

## **What are the benefits of joining the Property Club and PMC?**

The benefits of being with the PMC, I've been able to do a lot of travel. I've met some great friends, and it's really great to catch up, to come to conferences and meet with them. I've traveled overseas with them. I've been to Europe and down the Danube and Cambodia and Venice and Spain. It's just been wonderful traveling with them, and it's something I probably wouldn't have done as a single now on my own without having all these friends around.

They've been great support. They've guided me. Being on your own and trying to make decisions about purchasing property can be really daunting, but doing it through the Property Club, they have provided all the support and guidance that I needed, and I've been very comfortable, and I would certainly recommend other people to be part of this.
